

Personnel

Corban currently employs over 150 people to carry out its mission each day. For alumni and friends who have a touchpoint in a specific era, faces and departments have undoubtedly changed dramatically. One thing has remained a constant: the mission to educate students from a recognized, accredited curriculum interwoven with a biblical core. The groups shown here represent our administrative team, faculty, and some staff, many who have been here for many years. We're thankful for all our dedicated personnel and the difference they're making.
